## EACH LEVEL COVERS ...

### PHENOMENAL PHONICS

See, Hear, Say, Write  
"Phonics-first" is taught in every grade to suit the needs of the given grade.  
Activities using the sounds help the students internalize them. Most kindergartners are reading by mid-year.

### WRITING CREATIVELY

Write, Proof-read, Correct, Rewrite  
Many types of creative writing are enclosed in the plans, including several types of poetry. These experiences appeal to the student's creativity, individuality and thought.

### EXPERIENTIAL SPELLING

Dictation, Syllabication, Sentence Writing, Applied, Creative, Experiential  
No spelling lists are given to be memorized. Plans are given for basic spelling words to be learned through dictation and experiential use.  
Emphasis to correct spelling errors in creative writing is given, thus improving a student's spelling ability.

### ESSENTIAL ENGLISH

Comprehensive, On Target, Creative, Motivating  
Fresh development of the total language is suited to every grade. The old grammar is presented in a new uniform of creativity and motivation.  
Children love it!

### REVISED READING

Individual, Analytical, Oral, Interesting  
CENTRIFUGE supersedes the traditional basal reading programs. A detailed system for the teaching of reading is provided in the teacher helps. Children following this approach are reading earlier, enjoying it to the maximum, and are making high scores.

### PENMANSHIP PRACTICE

Form, Size, Slant, Alignment, Space  
The five steps to good handwriting are taught and encouraged. Pre-cursive is taught from kindergarten through second grades.  
Many activity sheets are provided for alphabet writing and for penmanship practice.
